

## SIMPLE AND SECURE

- Complies with global software security standards and is VeriShield Protect-enabled for the highest security
- Protects customer data and greatly reduces your liability of risk from fraud
- Snap on the ergonomic card encryption sleeve in a jiffy
- Built-in stylus is always at your fingertips
- Makes signature capture easy and instantly emails receipts
- VeriFone's thirty years of payment expertise offers welcome peace of mind

## THE ULTIMATE CONVENIENCE

- Accommodates the many customers who want to use credit cards
- Helps you save up to 30% on the cost of accepting credit cards
- Speeds transactions and eliminates manual-entry errors by swiping cards
- Increases purchase amounts up to 16% by offering customers a preferred payment method
- Reduces cash, decreasing risk of theft and simplifying cash-handling and reconciliation

## MADE FOR SMALL BUSINESS

- Credit transactions are posted almost immediately, providing fast access to funds
- Transaction geotagging helps resolve disputes and analyze sales trends
- Real-time reporting includes extensive search capabilities to find specific transactions and gives robust summaries to enable quick and easy balancing
